

January- Project of the Month Girls' Marriage Program

The Girls' Marriage Program aims to give each girl the opportunity to get married with the main objective being that the church will help all girls in need with marriage expenses. The Papal office of Social Services is hoping to accomplish this by creating a Savings account for each 10-15 year old girl so that it may grow and be ready for them when they get closer to marriage. Each CD (Savings account) is created with \$65 in it. Our aim is to be able to create CDs for 250 girls this month. Partake of the blessing of this project by helping us build a brighter future for our girls.

May God bless this project and all His daughters

"Strength and honor are her clothing;
She shall rejoice in time to come." Proverbs 31:25
